About Us

The Company was formed in 1987 by Bob Weston who took his considerable experience in the building industry to set up what has now become Weston Homes Plc, which has grown to become one of the major housebuilders of the South East. This is due in no small part to its commitment to continual reassessment of the marketplace and the provision of properties to exceed the expectations of purchasers both in terms of quality and value for money.

Always **forward-looking**, Weston Homes has merged the traditional skills of house building with the ever-expanding opportunities and new areas available through the use of the latest technology.

Langley Square, Kent

Recently this has manifested itself through the Company's revolutionary new **'Project Genesis'** scheme. Through Project Genesis, Weston Homes has taken housebuilding to a new level. Many of the properties' components are pre-manufactured in factory conditions rather than on site, allowing **quality to be maintained**. Strict quality controls are carried out at all stages with items including door sets, windows and kitchens, quickly and efficiently fitted on site at an advanced stage of construction. The resultant cost saving allows for a **higher specification** to the property.

As the Company has grown its range of **operations has expanded**, with current developments stretching from the east of Essex down through London and the majority of the surrounding Home Counties.

Precision, London

Weston Homes Plc has an **ever-expanding portfolio**, with developments moving further North and West from the head office in Takeley, including Peterborough and Buckingham. Projects are varied, ranging from **select housing developments to large-scale city apartment complexes** of hundreds of units. As well as new-build properties, the Company has **extensive experience** in the restoration and refurbishment of historic buildings.

Luxury Living

At Weston Homes you can be sure that whatever home you decide on, in whichever of the great developments you choose, there will be a stylish option to suit your preferences.

All homes are built to the **highest specification** with the most modern technologies combined with reliable, **traditional craftsmanship**. The designs fit the style of each development **seamlessly**.

Southpoint, Essex

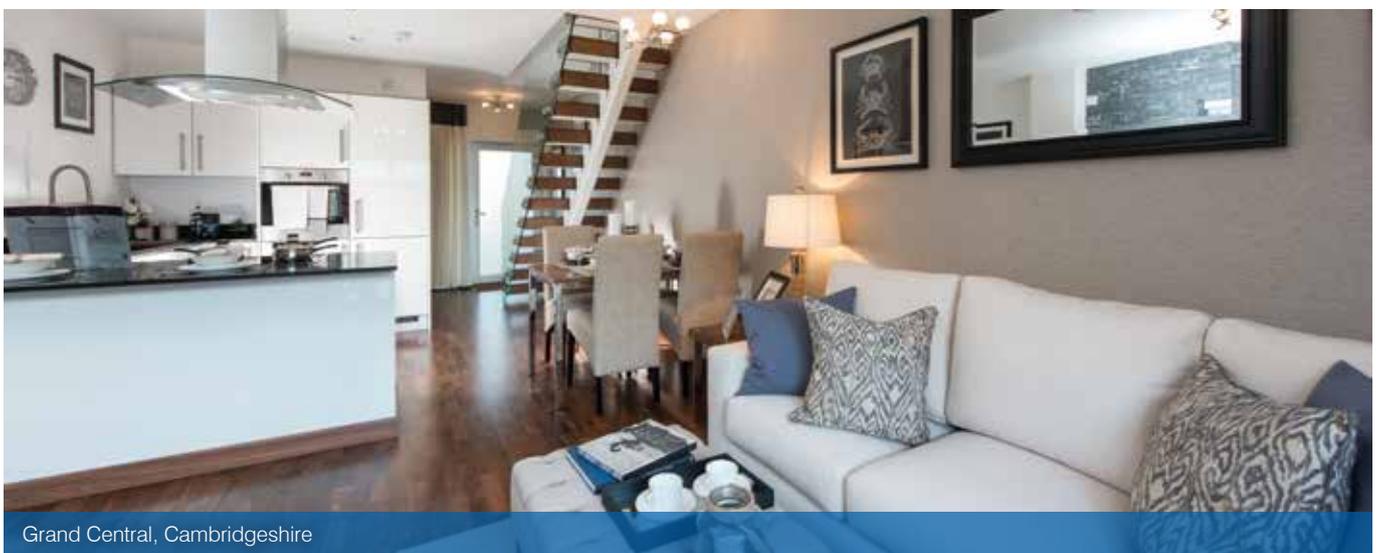

Weston Homes also employ an independent **specialist** company to carry out **customer satisfaction** and lifestyle surveys, so sites can be developed to **meet your needs**, outside as well as inside your new home.

From kitchens to carpets to doorknobs, all elements of our homes are made to the highest possible standard with the greatest attention to detail.

You can also liaise with staff throughout the process so that right up to completion, you know what is going on and can be sure of a **beautiful new home that suits your needs perfectly**.
